

JHF and KMC concluded MOC to jointly exchange information on green housing finance

Japan Housing Finance Agency (“JHF”) and Kazakhstan Mortgage Company (“KMC”) * concluded the Memorandum of Cooperation (“MOC”) to foster exchange of information on housing finance to facilitate construction of energy efficient houses, so called green housing finance, and other activities and the MOC signing ceremony was held at JHF headquarter building on February 5, 2020.

JHF will continue to foster global awareness of JHF’s effort to facilitate construction of energy efficient houses in cooperation with KMC.

Japanese press release is available from the following link.

<https://www.jhf.go.jp/files/400352072.pdf>

* KMC was established in 2000 and conducts: purchasing of housing loans and issuance of mortgage-backed bonds backed by these housing loans: construction of public rental housing in accordance with government's housing supply program: lending of low interest rate housing loans applicable to purchasing of mid-sized houses:, and lending of low interest rate housing loans aimed to refinance housing loans of borrowers having repayment problems.
